

Delivering Aid.
Delivering Hope.

Going on a vacation or a business trip abroad? You can help orphans and vulnerable children in the Allies Mentoring Program through your travels!

With a presence in 70+ countries, Allies in Youth Development delivers aid where it's needed most — but in some regions, we can't ship directly. That's where you come in!

How It Works

1. Let Us Know Your Travel Plans

Contact us with your travel dates, airline, and flight number.

2. We'll Cover the Packing

Tell us how many extra bags you're allowed and have available.

If there is a fee, Allies will reimburse up to \$100 for checked bags filled with humanitarian supplies. We will get the bags to you.

3. Simple Airport Handoff

An Allies area leader will meet you at the airport in your destination country to receive the aid.

- No extra effort for you — but life-changing help for children.
- Great for mission trips, vacations, and international business travel.
